ELTRON-KABEL S.J.

Eltron-Kabel S.J. was established in Jaworzno in 1989. The company with Polish capital, is operating in the area of modern and advanced technologies and specializing in production of wires and cables for industrial applications.

From the beginning Eltron-Kabel S.J. has been active in the industry, providing cables and wires in accordance with requirements of customers projects and solutions. Internationally operating small-sized company, focused on delivering the best connections for electrotechnical and industrial area.

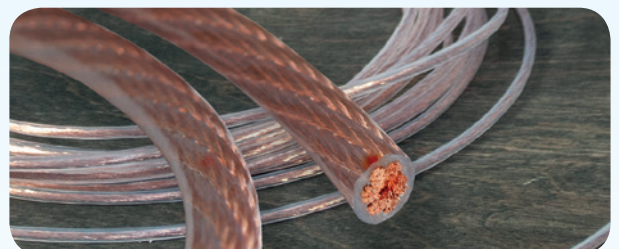

Over the course of time we have greatly extended our design, production and distribution possibilities. Eltron-Kabel offers flexibility, quality and customer satisfaction.

Leading products / services

Eltron-Kabel S.J. production facility ensures the consistent supply of bare and insulated wires of highest quality. We manufacture flexible connections made from copper (red, tinned, silvered or nickeled) as well as insulated cables for special applications, or non-standard products according to customer's requirements.

- High-flexible strands and round ropes based on micro-wires with single wire diameter from 0,05 mm up to 0,50 mm which grants outstanding flexibility and very long flex life.
- Square and round flexible copper braids with single wire diameter from 0,05 mm up to 0,50 mm for further automatic processing with very long flex life.
- Braided copper tapes, flat rolled high-flexible connectors and grounding straps or shielding braids.
- Modifyable braided copper flat connectors with terminals, based on customer specification specification.
- Flexible earth conductors in transparent PVC or silicone insulation.
- Thermoelectric and compensating cables types K, J, N, T, E, B, R, also available as multi-pairs.
- Heat resistant cables and wires in PVC, silicone, FEP, MFA, PFA or fiber glass insulation.

Why Eltron-Kabel?

In times of ever-shorter innovation cycles and ever-faster changing markets, it is important to have a reliable partner at one's side. With over 25 years of experience, Eltron-Kabel S.J. ensures that its customers remain successful and competitive market players over decades.
